Deneb Medical (www.denebmedical.com) is a start-up based in San Sebastian (Spain) focused in the development of a novel surgical robot. The company is looking for an **Expert in Artificial Intelligence** that will lead all the activities in this area.

This is an excellent opportunity for an engineer with broad experience in computer vision and machine learning seeking to apply his/her talent and knowledge in the medical industry. The candidate will have a great degree of freedom to put his/her skills into practice in an ambitious project with international reach and excellent future perspectives.

Requirements:

- A minimum of 5-year professional experience in artificial intelligence, more specifically in computer vision and machine learning
- Extensive knowledge of statistics
- Master's degree or PhD in Engineering, Computer Science or Mathematics
- Deep knowledge of Python and Matlab/Simulink
- Fluent in English

If you are interested please send an email with your CV, academic record and cover letter to info@denebmedical.com.
